

PORTAFILL 3000ST

The Portafill 3000ST is a high yield but ultra-portable screening plant. International shipping is a breeze as this powerful machine can hydraulically compact to fit inside a single shipping container or be transported by road to end users.

Features

- Triple conveyor system for multiple products
- Aggressive screening action for high yield production
- Track mounted for ultra-portability around site
- Loading with excavator or loader
- Machine compacts incredibly well to aid efficient and easy transport
